Assignments, Examinations, Reports and Feedback ready in seconds. No more waiting!

Connect Students, Parents, Teachers and school management together. No more chaos in communication!

Assignments, Examinations, Reports and Feedback ready in seconds. No more waiting!

Easy to use interface erases the learning curve! Anybody can be an expert in eduXpert!

## Why Eduxpert

Smart schools are always the preferred choice for new age parents. Quick communications, Transparent operations and flawless administration can put your school ahead in the group of smart schools. eduXpert, one of the leading smart school management application, helps you achieve that.

#### **TEACHERS**

Gives teachers peace of mind by providing everything that they need for a smooth functioning of class. Quick access to Time table, grade book, Home work, Work Sheets, Examinations, Question Bank and education videos eases teaching experience. Teachers can always get help from co teachers through internal chat, teachers blog and file sharing. In built task reminders, mobile notification and email ensures crisp communication. Easy to generate graphs and reports help teachers to analyse student performances in the snap of a finger.

#### PARENTS

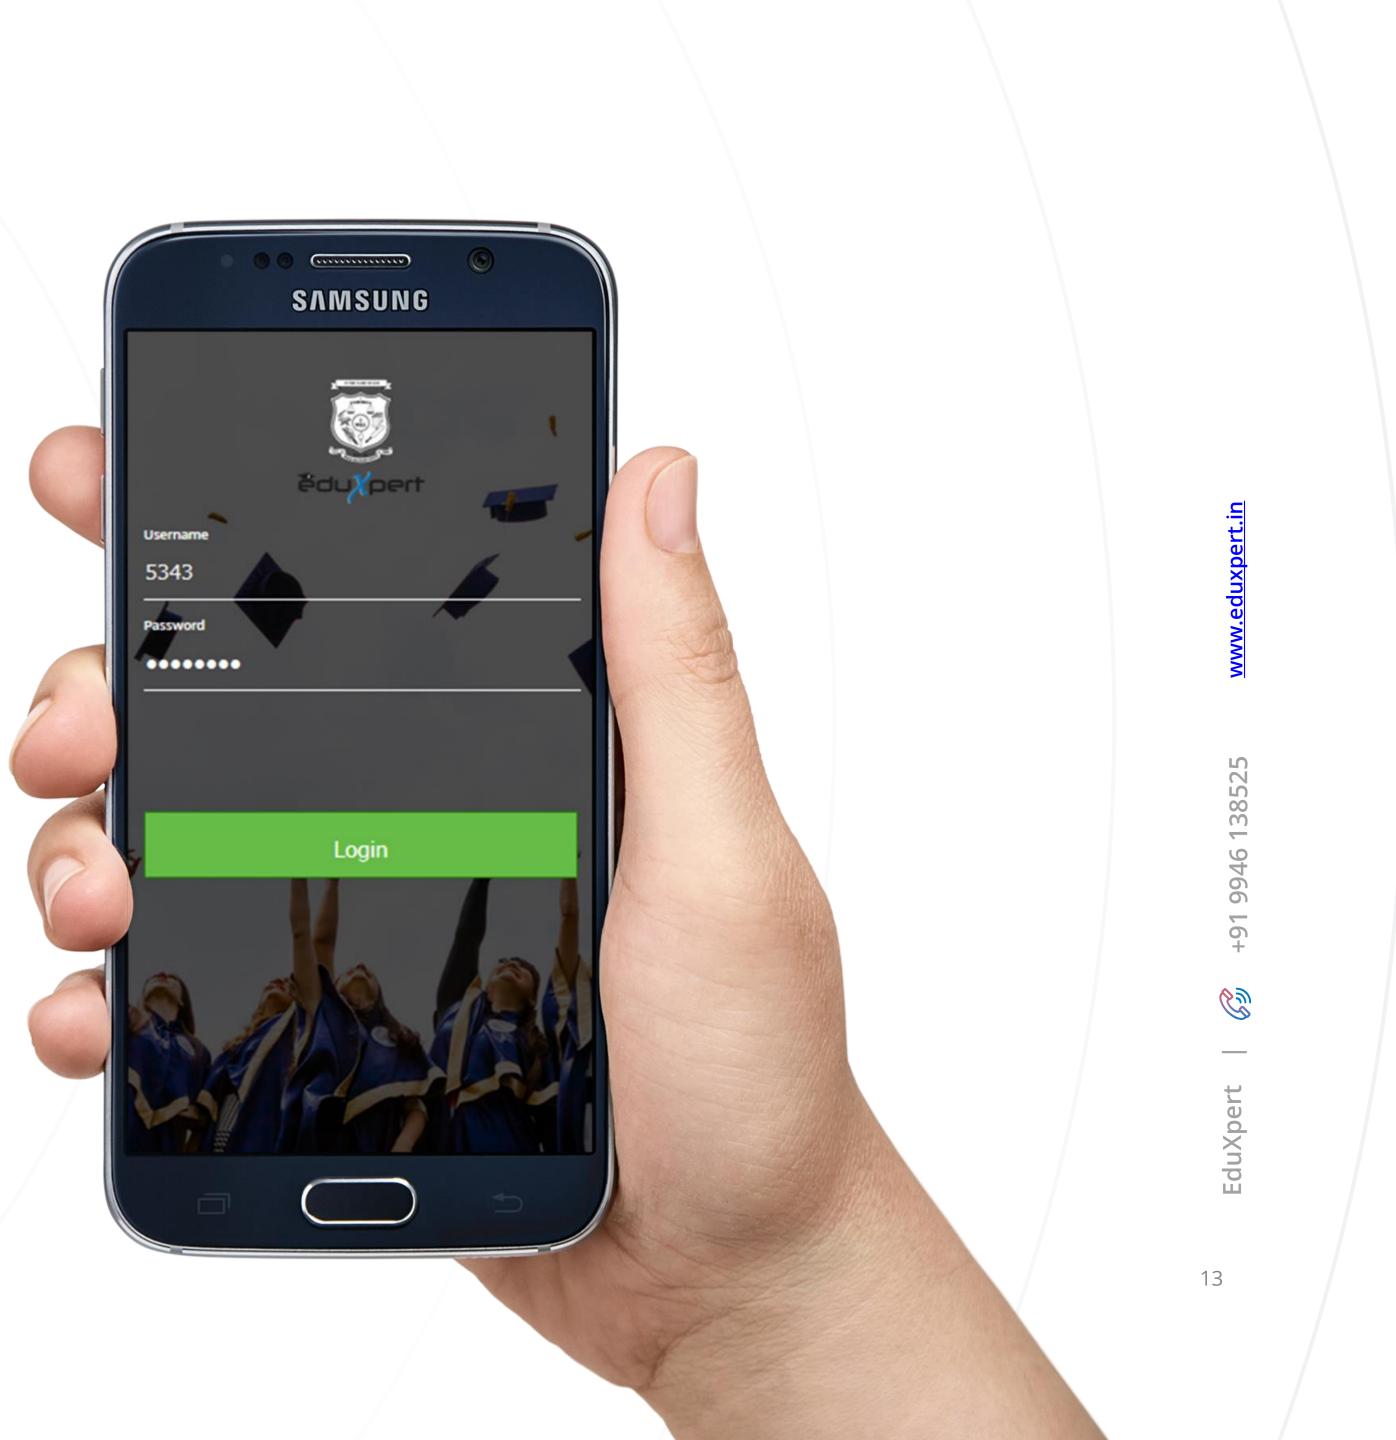

Parents are happy with the ability to track their ward's progress in a click of a second. Transparent communication from school to parent about achievements, behaviour and school activities is so blissful! Liberty to pay fees online, track school transport and enrol for online exams, make life easy for the family. Quick access to week plan, time table, homework, work sheets, exam schedules and results help parents to be involved in ward's progress. The easiness to browse question banks, educational videos and school library from anywhere, empowers parents to provide all resources for their kid. Update about scheduled parent meeting and school announcements make parents feel connected with the school all the time.
