COMPANY PROFILE

Lablink is the exclusive distributor, manufacturer & exporter of various Analytical Instruments. We are an ISO 9001:2015 Certified Organization and a supplier of cost-effective, reliable and efficient laboratory instruments.

We are operated by a group of committed technocrats, professionals & engineers with proven expertise and have been a successful sales and services organization having offices in various parts of India.

We represents exclusively for the following Principals for their respective products:

1. Claind SRL, Italy: World class Gas Generators having more than 500 installations in India having following product link;

- Hydrogen Gas Generator
- Nitrogen Gas Generator (For GC; ELSD; HPTLC application)
- Zero Air Gas Generator
- Plant Nitrogen Gas Generator (For packaging; food industry)

2. Organomation, USA: There are mainly three product lines of analytical chemistry for sample preparation application:

- Nitrogen Evaporator
- Solvent Evaporator
- Solvent Extractor

3. Questron Technologies Corp., Canada:

- Microwave Digestion Extraction & Synthesis System
- Microwave Muffle Furnance

4. ECHO, UK.:

- Headspace O2 Analyzer
- Blist O2 Analyzer

5. LABO, Turkey:

- Refrigerated and Heating Circulators
- Water Baths
- Chiller
- Calibration Baths
- Cloud Point and Pour Point Test Devices
- Viscosity Baths

MANUFACTURING DIVISION:

1. XTRAPURE LAB Water System:

XTRAPURE laboratory water system produces ultrapure water which is useful for HPLC, ICP, TOP. & all other applications in laboratory.

2. XTRAPURE PLUS LAB Water System:

XTRAPURE Plus water system produces ultrapure water which is useful for HPLC, ICP, TOP. & all other applications in laboratory. It is available with logbook facility & 21 CFR part 11 compliance software (optional).

3. XTRAPURE DISSO Water System:

Dedicated water system which produces water which is compatible for all make dissolution test apparatus

4. Gas Tubing & Distribution Work:

We manufacture gas fittings and panels required for GC laboratory. We also undertake turnkey projects for gas fitting.

Lablink Team & its Offices:

The promotion, sales & after sales service of all the above mentioned products are handled directly by us, with strong backup support from our principals.

Our well qualified and factory trained technicians and application specialists are always eager to respond quickly and efficiently to the need of our customers.
